CHOCOLATE MOUNTAIN AERIAL GUNNERY RANGE

Bradshaw Trail Remedial Investigation, MRP Site 1

The United States Navy is initiating an environmental investigation along the Bradshaw Trail and adjacent area. This notice is to inform Bradshaw Trail users of the planned schedule for temporary closure of sections of the Bradshaw Trail during field work and sources for real-time trail closure updates.

General Information

- The environmental investigation will include an airborne geophysical survey, surface/geophysical, intrusive digging, potential detonation and management of any military munitions items encountered, and soil sampling.
- **FOR PUBLIC SAFETY REASONS:** portions of the trail will need to be temporarily closed during investigation of MRP Site 1 (which includes the Bradshaw Trail).

What Can I Expect?

<p>Overall Work Activities</p>	<p>Overall Investigation Dates: August 12, 2019 through February 7, 2020.</p> <p><i>Please note: The entire trail will not be closed for the entire duration of the investigation. Unaffected segments of the trail will remain open to the public. Every effort will be made to minimize Bradshaw Trail closures and to communicate the information to the public.</i></p> <p>Potential Closure Dates:</p> <ul style="list-style-type: none"> • 09/16/2019 – 09/27/2019: Airborne geophysics survey. • 10/21/2019 – 11/26/2019: Surface/ geophysical survey. ** Although no trail closure is planned, if an item is found, temporary trail closure will be conducted in the area until the item is properly contained. • 01/06/2020 – 02/07/2020: Intrusive subsurface investigation and soil sampling. <p>The planned investigation activities will pose no danger to the public for open areas of the Bradshaw Trail, and will have no lasting negative impact on the quality/condition of the Bradshaw Trail.</p>
<p>What You May See</p>	<ul style="list-style-type: none"> • Navy and Contractor personnel and vehicles along the trail with field equipment. • A helicopter close to ground level during the airborne survey. • Work area boundaries: orange cones and barriers with caution tape. DO NOT ENTER THE WORK AREAS.
<p>What You May Hear</p>	<ul style="list-style-type: none"> • Occasional noise during detonations of any military munitions items encountered. • A helicopter during the aerial geophysics data collection.

If you have questions or comments concerning this field event, please contact the Navy Project Manager, Natalie Rothell, at natalie.rothell@navy.mil or 619-532-3860.
